  - Does the committee wish to recommend that all students be required to take one writing intensive upper division course? The committee recommended that students be allowed to take 2 WI requiring 2,500 words each or one WI course with 5000 words, MSP.

The committee will discuss this in a future meeting.
- GVAR Coordinator’s report.
  - One waiver petition was presented to the committee. A question was raised concerning whether the student had satisfied all other degree requirements other than the GVAR. A vote was deferred until that information can be obtained.
